MATHS

Make a working model of a place value of 6 digit number using cut out of cardboard and colour paper

SCIENCE

Make a poster/ chart to showcase the healthy eating habits on an A4 sized sheet with the help of painting, drawing, sketch or other creative way .

SOCIAL STUDIES

Making model of volcanic mountain with clay.

Make a volcanic mountain using clay.

Material required:

A tray, modelling clay,glue ,sand,soil and grass.

How to make:

To make a volcanic mountain, push the clay into the tray to form a triangular peak and then make a hole down its centre.

Once the clay has dried decorate it with sand, soil and grass. These can be stuck using glue.

COMPUTER

Draw the picture of “Keyboard” in A4 size sheet and mention the various keys on the keyboard.
